The Potter Craftsman At
Thorsby Institute, February 14

The Potter Craftsmen. 1. Earth Furnace comes with his basket of earth, takes a small hill and sets the pots to be made away from the hill. 2. Cooking for several hours. 3. Gas is used for firing and the pots are placed in a kiln. 4. The kiln is carefully watched to be sure that the pots are not damaged. 5. The kiln is then turned off and the pots are left to cool. 6. The pottery is then removed from the kiln and is left to dry for several days. 7. When the pottery is dry, it is glazed and fired again. 8. The finished pottery is then ready to be sold. 9. The pots are made in various shapes and sizes, and are used for a variety of purposes.

Mt. Creek News.

There is soon to be an election for township officers, and Mr. L. Piper is a candidate for the position of township officer. Mr. Piper is a good and capable man, and he is expected to win the election.

The recent cold weather did not affect the town, and the town was pretty much the same as usual. The streets were covered with snow, and the people were dressed in warm clothing. The town was quiet, and the people were busy with their own affairs.

The leading story of the day was the election of the township officers. Mr. Piper was a popular candidate, and he was expected to win the election.

The readers of The Union-Banner, and the supporters of the Progressive Party in Chilton County, will no doubt be interested in the announcement in this issue of the names of Mr. H. A. Harris of Cooper for the nomination for Sheriff in the upcoming Primary for April 21. Mr. Harris is widely known, having had long and successful business relations with the people of this county, and his standing is uniformly that of a competent and reliable man for the office of Sheriff. He is a Progressive, pure and simple, and a very strong favorite in the party as a whole.

Let us not lose faith in the Progressive Party. Some will tell you that it is no longer a party of national strength, and that Teddy will never succeed with it again, and all kinds of stuff to get you to lose confidence in it. It is recognized now as the greatest national movement in the governing power of history. All over the country the men are casting their ballots in the Progressive Primary, and laying out the course that is going to bring our government back into the long tried and true principles of the party, and thereby restore to progress, peace and prosperity.

We have this week a announcement made by Mr. Leonidas Woods of the nomination for Sheriff of Chilton County, in the Progressive Primary for April 21, 1914. D. N. Robinson.

FOR SHERIFF

Mr. D. N. Robinson of Beat 2 has announced his candidacy for the nomination for Sheriff of Chilton County, subject to the action of the Progressive Primary, on April 21, 1914. John L. Green.

FOR SHERIFF

The Tax Collector informs us that Mr. D. N. Robinson of Beat 2 has announced his candidacy for the nomination for Sheriff of Chilton County, subject to the action of the Progressive Primary, on April 21, 1914. D. N. Robinson.

The editor has been personal friends with Mr. Leonidas Woods for years, and has felt that he had concluded that he did not and could not make the race for the nomination for Sheriff as announced probably some weeks ago. His reasons for doing so are entirely personal, and not due to any lack of interest in the party. He will stand by us, and all we can do is to establish Progressivism in the hearts and minds of the people of the County more firmly than ever.

We are pleased with the privilege of introducing to our readers the leading candidate for Sheriff, Mr. Howard L. Foshee, who has been the leader of the League since its成立. He is the type of man for the position brought about by his active efforts as a teacher. Mr. Foshee has during the past four years, made a more or less regular record among the people of the County. He is a fearless, straightforward and honest man, not only his home districts, but also the state at large. He is past his middle age, but has been sound and healthy for several years, and for several terms has been in the high school of Thorsby. He will make a goodShowing that confidence in him by bestowing upon him this high office.

Mr. Leonidas Woods is a well known and respected citizen of Chilton County. He has been teaching in the High School of Chilton County, subject to the action of the Progressive Primary, on April 21, 1914. D. N. Robinson.

When the time comes to use a Prow buy a good one. Don't be satisfied with one claimed to be as good as the Genuine Prow. He is a Progressive, pure and simple, and a very strong favorite in the party as a whole.

**DECLARATIONS TWENTY-THIRD TUSENNEG NEPCON-GERENCE.**

I for the twenty-third time, the Tusenge Neger Conference says to the -Neger of the world, that "we shall not forget how we were fought, nor shall we intimate that we are a sickly race, nor that we are subjects of a German-Storm. We shall remember the burning of our villages, and not the fire that we ourselves have lighted. We shall remember the burning of our villages, and not the fire that we ourselves have lighted."

The report made here today that 60,000 negro farm owners have abandoned the Republic of South Carolina, and that the negro is in a critical state of affairs, is a gross mistake. It is to be regretted that the negro has not more interest in the affairs of his own country.

From the fact that S. S. S. is purely, and not a single dollar has been raised by the negro, it is evident that the negro is not interested in the affairs of his own country. And so, the negro has not more interest in the affairs of his own country.

The Fact Remains

No amount of misrepresentation by the peddlers of alum baking powders, no juggling with chemicals, or pretended analysis, no check-keep certificates, or falsehoods of any kind, can change the fact that

Royal Baking Powder has been found by the official examinations to be of the highest leavening efficiency, free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.
